Source: Google

Risk Management

Accelerate post-disaster response with high-resolution real time imagery

Satellite / aerial imagery with immediate automatic pay-out

IoT Partnerships

Use of sensors to predict malfunctions and seek to avoid them

HSB's IoT service saved customers more than \$500,000 by avoiding property losses from frozen pipe leaks

IoT power that uses insights from existing equipment, machines and production lines to improve our customers' experience.

1

First

Be innovative
Be an early adopter

2

Fail

Go through some trials
and errors test before
finding the one

3

Fail Fast

Thomas Edison ~
I have not failed.
I have just found 10,000
ways that won't work

Thank You
